Dementia affects everyone differently. So whether you, a loved one, a friend or neighbour needs dementia support, we're here for you.

Dementia Connect, from Alzheimer's Society, is a personalised dementia support service for anyone affected by dementia.

It connects you with a whole range of dementia support, by phone, online and face to face. So, you're one call away from someone who gets it. One click away from answers. One conversation away from help.

It's free, easy to access, and puts you in touch with our dementia advisers. They will connect you to the support you need, from local help to phone and online advice.

Here are a few examples of the support we provide:

- emotional support when things get tough
- connecting you to local support groups
- help to understand and live with dementia, including coping techniques
- support with everyday living, such as government benefits.

I can contact the service and ask questions, or seek advice and support, whenever needed or when things change.

The dementia adviser was lovely and full of information. Without Alzheimer's Society and the dementia adviser we'd have nothing. She is a major networker and knows everything and everyone local, I feel in charge and empowered.
